The background image shows the interior of a restaurant. The ceiling is made of dark wooden beams with several small, warm-toned pendant lights hanging from it. The floor is made of light-colored wood. There are several wooden tables and chairs arranged in the dining area. In the background, there's a bar area with a sign that says "BOURBON" and a clock on the wall. The overall atmosphere is rustic and warm.

TESTIMONIALS

“

Wonderful genuine service and amazing BBQ! We had the platter and it was incredible, got to try all the smoked meats and highly recommend the brisket and the ribs! Yummmmm

“

Just ordered from this restaurant and it is hands down one of the best briskets I had in Calgary!! The portions are great plus they treated us with a yummy caramel cheesecake!!
Definitely recommend.

“

Smoked ribs with amazing sauces (Original House BBQ Sauce, Mustard with Medium Heat, Hot Sauce and other sauces) delicious smoked chicken / chicken wings (the wings were meaty also) amazing hush puppies and a wide range of delicious sides. Service was fantastic, very highly recommend rib and chicken restaurant.

“

Excellent service, food and atmosphere, had the OMG with brisket and Hush Puppies and it certainly lived up to its name. It's a monster, had some decent local beers on the menu. Eat here.

“

We used Big T's to cater our small wedding dinner. Any questions that I had were promptly answered and they were great to deal with (handled this stressed out bride with ease) the food was amazing – you know it is good when there is very little conversation during the dinner... everyone was focused on the delicious food! Thanks Big T's.

“

Will be going back for more! If you enjoy authentic BBQ, this will make you dance.

“

Best ribs I have found in Canada and some of the best in North America.

“

I had the brisket which is always delicious, but the best part is they offer a gluten free bun that actually tastes good and doesn't fall apart! If you have to eat gluten free, then you know how hard it is to find decent bread products and especially for take out! Thank you for having options for gluten free eating that are great quality!
